VERIO 200

Open True Wireless Earphones

Qualcomm® aptX® Adaptive

DESCRIPTION

VERIO 200 is a wireless Bluetooth® set of earphones with an open design. VERIO 200 does not sit in the ear canal, but rests on the ear and directs the sound directly into the ear. This design makes it possible to listen to music and at the same time be aware of your surroundings. The earhook, made of soft silicone and memory wire, ensures a comfortable and secure fit.

VERIO 200 is protected against water splash and sweat according to the IP54 certification and is also suitable for indoor and outdoor sports activities.

The VERIO 200 ensures a perfect sound reproduction by having a powerful driver with the latest codecs such as aptX™ Adaptive and AAC. Two high-quality integrated microphones with cVc™ technology ensures first-class intelligibility of speech, whether in the home office or on the move. Ambient noise is recognised and filtered out so that your own voice is transmitted clearly and distinctly.

By tapping the touch pad, a multitude of functions are available such as playback, volume adjustment, answering calls and voice assistance.

With the free beyerdynamic app the user can customise music playback or the device control. Software updates are also available via the app.

VERIO 200 can be easily charged via the integrated charger in the case.

TECHNICAL SPECIFICATIONS

Transducer type	Dynamic
Acoustic design	Open
Wearing type	On-ear
Frequency response	20 - 20,000 Hz
Transmission	Bluetooth®
Bluetooth® frequency range	2,402 - 2,480 MHz
Bluetooth® version	5.3
Supported Bluetooth® profiles	HFP 1.8 A2DP 1.3.2 AVRCP 1.6.2 AVCTP 1.4 AVDTP 1.3, SPP 1.2 RFCOMM 1.2 GAVDP 1.3
Supported audio codecs	aptX™ Adaptive, AAC, SBC
Firmware update is possible	Yes
Transmitting power	12 dBm
Range	15 m
Operating temperature range	0 to +35 °C
Charging temperature range	0 to +35 °C
Battery runtime	up to 8hrs., plus additional 27 hours with charging case (35 hours in total)
Charging case dimensions	69.5 x 25 x 100 mm
Charging case weight	98 g
Charging port type	USB-C
Type of charging cable	USB-A to USB-C
Charging time	max. 1.5 hrs..
Microphone type	MEMS, omnidirectional
Weight	10.8 g per earphone
